Provides that not later than 18 months after a provider's first rate increase in a local exchange area, the provider must offer broadband service to at least 50% of households in the local exchange area. Requires an incumbent local exchange carrier (ILEC) to continue to offer a flat monthly rate for unlimited local calling in exchange areas in which the provider offers basic telecommunications service on March 27, 2006. Provides that after June 30, 2009, a provider that offers basic telecommunications service in Indiana: (1) must offer a flat monthly rate for unlimited local calling in each exchange area in which the provider offers basic telecommunications service; and (2) may not offer any service plan that includes measured local service. Prohibits, after June 30, 2009, the IURC from exercising jurisdiction over basic telecommunications service. Makes conforming changes to the laws concerning rural telephone cooperatives. Prohibits the IURC from exceeding the authority delegated to it under federal law with respect to: (1) interconnection; (2) the resale of telecommunications service; and (3) unbundled network elements. Requires the IURC to biennially identify and eliminate telecommunications regulations that are no longer necessary in the public interest or for the protection of consumers. Preserves the IURC's duties with respect to: (1) dual party relay services; (2) the 211 dialing code; (3) slamming and cramming laws; (4) universal service; (5) certificates of territorial authority; (6) mediating or arbitrating disputes between providers; (7) interconnection agreements; and (8) rates charged by an ILEC to a pay phone service provider. Allows the IURC to require communications service providers, other than commercial mobile service providers, to report annually, or more frequently at the option of the provider, information on: (1) service quality and performance; (2) the provider's dark fiber in Indiana; and (3) the types of communications service offered by the provider and the areas in Indiana in which those services are offered. Requires the IURC to adopt rules requiring a telecommunications service provider, whenever the provider communicates with a residential customer about changing the customer's basic telecommunications service to nonbasic telecommunications service, to notify the customer of: (1) the option of basic telecommunications service; and (2) any regulatory protections the customer would forego by switching to nonbasic telecommunications service. Provides that if a customer switches to another telecommunications services provider, the initial provider may contact the customer to confirm that the customer has made the decision to change to the other provider. Prohibits a provider from refusing to transfer a local exchange service customer to another provider on the same terms and conditions that the provider receives from any other provider. Exempts commercial mobile service providers from certain reporting requirements, while requiring commercial mobile service providers to provide the IURC certain customer service contact information. Allows the IURC to revoke a certificate of territorial authority issued to a communications service provider if the provider fails or refuses to comply with the reporting requirements. Allows the IURC to: (1) order certain equitable remedies; and (2) impose a civil penalty of not more than \$10,000; if a telecommunications service provider or video service provider violates the enforcement law or a lawful order of the IURC. Allows a provider of last resort to meet its obligations using any available technology. After June 30, 2009, requires a communications service provider to obtain a certificate of territorial authority from the IURC before offering communications service in Indiana. Requires the IURC to issue a certificate not later than 30 days after receiving a complete and

accurate application from a provider. Provides that the IURC may not require a provider to file a tariff as a condition of receiving a certificate. Allows the IURC to condition the issuance of a certificate on a provider's agreement to provide advance notice to customers of changes in rates or services. Provides that a certificate of public convenience and necessity issued to an REMC may serve as a certificate of territorial authority for communications service provided by the REMC, subject to the IURC's right to require the REMC to provide certain information about the communications services provided. Prohibits a communications service provider from entering into an agreement after March 27, 2006, that requires any person to restrict or limit the ability of another provider to obtain: (1) easements or rights-of-way; or (2) access to real property. Provides that the IURC may not require a provider to provide communications service to occupants of multitenant nonresidential real estate if the owner, operator, or developer of the property does any of the following to benefit another provider: (1) Permits only one provider to install communications facilities or equipment on the premises. (2) Accepts incentives from a provider in exchange for allowing the provider the exclusive right to provide service to the premises. (3) Collects charges from occupants for communications service. Provides that the Indiana finance authority shall determine underserved areas within Indiana for purposes of the Indiana broadband development program. Preserves the manner of determining gross revenue and franchise fee percentages set forth in existing local franchises. Prohibits the IURC from requiring a multichannel video programming distributor to pay any fee or charge, other than a franchise fee paid to a local unit, as a condition of receiving or holding a state certificate of franchise authority. Provides that the holder of a state issued franchise must comply with state and local laws governing the use of rights-of-way. Provides that such laws may not: (1) discriminate against a provider based on the technology used to deliver service; or (2) allow a video service system owned or operated by a local unit to use rights-of-way on more favorable terms. Prohibits the IURC from requiring a provider to satisfy any build-out requirements. Allows the holder of a local franchise on June 30, 2006, to: (1) continue providing service under the local franchise until the local franchise expires; or (2) terminate the local franchise and apply to the IURC for a state issued franchise. Provides that a provider that terminates a local franchise remains subject to any obligations owed to a private person under the franchise until the time the terminated franchise would ordinarily expire. Prescribes requirements concerning public, educational, and governmental channel capacity and financial support. Provides that a video service provider that elects to terminate a local franchise is required to continue providing institutional network capacity and video service to community public buildings until January 1, 2009, or until the terminated local franchise would have expired, whichever is later. Prohibits a provider from denying access to video service to any group of potential subscribers based on income. Requires the IURC to adopt rules to establish the Indiana Lifeline assistance program to provide reduced charges for basic telecommunications service for eligible customers. Requires the IURC to collect, on at least an annual basis, certain data concerning the build out of video service infrastructure in each metropolitan statistical area in Indiana during the period beginning July 1, 2006, and ending June 30, 2010. Requires the IURC to include the data collected in the IURC's report to the regulatory flexibility committee due July 1, 2010. Repeals superseded statutes.

 34 the rate transition period, begins offering basic
 35 telecommunications service in a local exchange area in Indiana in
 36 which the provider did not offer basic telecommunications service
 37 on March 27, 2006. In accordance with the procedures set forth in

for the local exchange area, the provider may increase the initial flat monthly rate for basic telecommunications service in accordance with subsection (c). However, subsection (c)(2) does not apply to a rate increase under this subsection. The provider may not increase the flat monthly rate under this subsection during the rate transition period more frequently than the number of twelve (12) month periods remaining in the rate transition period at the time the provider is first eligible to increase the initial flat monthly rate under this subsection. The amount of the total increase in the flat monthly rate during the rate transition period may not exceed the product of:

(1) one dollar (\$1); multiplied by

(2) the number of twelve (12) month periods remaining in the rate transition period at the time the provider is first eligible to increase the initial flat monthly rate under this subsection.

The provider shall provide the commission and all affected customers thirty (30) days advance notice of each rate increase under this subsection.

(e) This subsection applies to a provider that acts under subsection (c) or (d) to increase the provider's flat monthly rate for basic telecommunications service in a local exchange area in Indiana. Not later than eighteen (18) calendar months after the provider's first rate increase in the local exchange area under subsection (c) or (d), the provider must offer broadband service to at least fifty percent (50%) of the households located in the local exchange area, at the average speeds set forth in subsection (a), as determined by the commission after notice and an opportunity for hearing. The commission may extend the eighteen (18) month period allowed under this subsection by not more than nine (9) additional calendar months for good cause shown by the provider. The commission shall hold a hearing and make a finding as to whether the provider offers broadband service to at least fifty percent (50%) of the households in the local exchange area not later than the earlier of the following:

(1) Ninety (90) days after a request by the provider for a hearing and determination by the commission. The provider may request a hearing and determination under this subdivision at any time before the expiration of:

(A) the eighteen (18) month period allowed by this subsection; or

(B) any extension of the eighteen (18) month period allowed by the commission under this subsection.

1 (2) Ninety (90) days after the expiration of:

2 (A) the eighteen (18) month period allowed by this
3 subsection; or

4 (B) any extension of the eighteen (18) month period
5 allowed by the commission under this subsection;

6 if the provider does not request a hearing and determination
7 under subdivision (1).

8 (f) If, after a hearing under subsection (e), the commission
9 determines that the provider does not offer broadband service to
10 at least fifty percent (50%) of the households in the local exchange
11 area not later than eighteen (18) months after the provider's first
12 rate increase in the local exchange area under subsection (c) or (d),
13 the commission may require the provider to:

14 (1) refund to customers; or

15 (2) pay to the commission as a civil penalty;

16 an amount equal to the incremental revenue accruing to the
17 provider as a result of all rate increases imposed by the provider
18 in the local exchange area under subsection (c) or (d). A
19 determination by the commission under this subsection is subject
20 to appeal under IC 8-1-3.

21 (g) This subsection applies to an incumbent local exchange
22 carrier that offers basic telecommunications service in one (1) or
23 more local exchange areas in Indiana on March 27, 2006.
24 Throughout the rate transition period, the incumbent local
25 exchange carrier shall continue to make available a flat monthly
26 rate with unlimited local calling for basic telecommunications
27 service in all local exchange areas in which the incumbent local
28 exchange carrier offers basic telecommunications service on March
29 27, 2006, regardless of whether the incumbent local exchange
30 carrier increases the flat monthly rate in any of those local
31 exchange areas under subsection (c). Throughout the transition
32 period, an extended area of service in which the incumbent local
33 exchange carrier offers basic telecommunications service on March
34 27, 2006, may not be reduced in area or scope without the approval
35 of the commission after notice and hearing.

36 (h) If, at any time during the rate transition period, the
37 commission determines in accordance with IC 8-1-2-113 that an
38 emergency exists, the commission may act under IC 8-1-2-113 to
39 temporarily alter, amend, or suspend the limits on the flat monthly
40 rate increases set forth in subsections (c) and (d) if necessary to
41 maintain a provider's financial integrity and ability to provide
42 adequate basic telecommunications service. The commission shall

reimplement the limits on flat monthly rate increases, as set forth in subsections (c) and (d), when the commission is satisfied the emergency no longer exists.

(i) After June 30, 2009, a provider that offers basic telecommunications service in Indiana:

(1) must offer a flat monthly rate with unlimited local calling for basic telecommunications service in each local exchange area in Indiana in which the provider offers basic telecommunications service; and

(2) may not, in any local exchange area in Indiana in which the provider offers basic telecommunications service, offer any service plan for basic telecommunications service that includes measured local service.

(2) section 13 of this chapter; or
 (3) section 16 of this chapter;
 an incumbent local exchange carrier has the obligations of the
 provider of last resort. An incumbent local exchange carrier may
 meet the carrier's obligations under this section using any available
 technology.

Sec. 12. (a) This section applies to a provider that holds a
 certificate of territorial authority to provide local exchange service
 in Indiana. If a provider:

(1) decides to cease serving all or part of the provider's
 defined service area; or
 (2) plans to file for bankruptcy;
 the provider shall provide at least sixty (60) days advance notice to
 the commission and each affected customer and wholesale
 provider.

(b) A notice described in subsection (a) must:

(1) be submitted in the form and manner prescribed by the
 commission; and
 (2) include at least one (1) toll free customer service telephone
 number maintained by the provider to facilitate the
 continuation of service and the transition of customers to
 other providers.

(c) The exiting provider is liable for all charges owed to other
 providers and is responsible for any provider change charges.

Sec. 13. (a) If the holder of a certificate of territorial authority
 to provide local exchange service installs facilities to provide
 telecommunications service, including local exchange service, in a
 defined geographic area and:

(1) the holder is not the designated provider of last resort for
 the area; and
 (2) the designated provider of last resort for the area has not
 installed facilities to serve customers in the area;

the designated provider of last resort may petition the commission
 for an order relieving the designated provider of its obligations as
 the provider of last resort in the area.

(b) The commission shall relieve the petitioning provider from
 its obligations as the provider of last resort for the area described
 in subsection (a) and shall designate the holder making the
 installation under subsection (a) as the provider of last resort for
 the area if the commission determines that:

(1) the petitioning provider does not have facilities in place to
 provide local exchange service to all customers in the area;

C
 O
 P
 Y

1 and

2 (2) the holder making the installation under subsection (a) has
3 installed facilities adequate to provide local exchange service
4 throughout the area.

5 The commission shall make the determinations required by this
6 subsection not later than sixty (60) days after the date the petition
7 is filed with the commission under subsection (a).

8 Sec. 14. (a) Except as provided in IC 8-1-32.6-8 or section 16 of
9 this chapter, if:

10 (1) the commission receives notice of an exiting provider's
11 decision to cease operation in all or part of the service area
12 covered by the provider's certificate of territorial authority;
13 and

14 (2) there is not another provider that:

15 (A) holds a certificate of territorial authority in the area;
16 and

17 (B) has facilities sufficient to provide basic
18 telecommunications service in the area;

19 the commission shall conduct a formal proceeding to determine the
20 successor provider for the area.

21 (b) After determining the successor provider for the affected
22 area under subsection (a), the commission shall, if applicable, allow
23 the following with respect to the successor provider:

24 (1) A reasonable time, determined by the commission and in
25 accordance with industry practices, in which to:

26 (A) modify, construct, or obtain the facilities; or

27 (B) deploy an approved alternative technology;

28 necessary to serve the customers of the exiting provider.

29 (2) A temporary exemption from any lawful obligation to
30 unbundle the successor provider's network elements. The
31 exemption under this subdivision shall continue for a period
32 determined by the commission to be reasonably necessary to
33 allow the successor provider to:

34 (A) modify, construct, or obtain the facilities; or

35 (B) deploy an alternative technology;

36 that will allow the successor provider to serve the customers
37 of the exiting provider.

38 (3) A temporary exemption from any lawful obligation to
39 provide telecommunications service for resale within the
40 affected area. The exemption under this subdivision shall
41 continue for a period determined by the commission to be
42 reasonably necessary to allow the successor provider to:

C
O
P

(A) modify, construct, or obtain the facilities; or

(B) deploy an alternative technology;

that will allow the successor provider to serve the customers of the exiting provider.

(c) The successor provider is entitled to obtain funding from a state universal service fund to support the provider's assumption of obligations as the provider of last resort for the area. This section does not prohibit a provider from voluntarily:

(1) serving customers in the affected area; or

(2) purchasing the facilities of the exiting provider.

(d) A customer within the defined geographic area to be served by the successor provider is considered to have applied for basic telecommunications service from the successor provider on the effective date of the commission's designation of the successor provider. Each right, privilege, and obligation applicable to customers of the successor provider applies to a customer transferred to the successor provider under this section. A customer transferred to the successor provider under this section is subject to the successor provider's terms of service as specified in an applicable tariff or contract. This section does not prohibit a customer from seeking, at any time, service from a provider other than the successor provider.

Sec. 15. (a) The commission may, on its own motion or on the petition of an interested party, institute an expedited proceeding under this section if the commission determines that:

(1) a facilities based local exchange carrier has a certificate of territorial authority to provide local exchange service in a defined geographic area;

(2) there is not another provider that:

(A) holds a certificate of territorial authority in the area; and

(B) has facilities sufficient to provide local exchange service in the area; and

(3) the facilities based local exchange carrier has:

(A) ceased providing local exchange service to the customers in the area; or

(B) abandoned the operation of the carrier's facilities in the area that are used to provide local exchange service.

(b) In a proceeding under this section, the commission may declare that an emergency exists and issue any order necessary to protect the health, safety, and welfare of affected customers and to expedite the restoration or continuation of local exchange service

C
o

to the affected customers. An order issued under this subsection may:

(1) provide for the temporary operation of the facilities based local exchange carrier's facilities by any provider, including a provider that has not been issued a certificate of territorial authority by the commission;

(2) authorize one (1) or more third parties to enter the premises of any abandoned facilities; or

(3) grant temporary waivers from quality of service requirements for any provider:

(A) providing service under subdivision (1); or

(B) designated as a successor provider by the commission under subsection (c).

(c) Except as provided in IC 8-1-32.6-8 or section 16 of this chapter, the commission may act under section 14 of this chapter to designate a successor provider in any proceeding under this section.

Sec. 16. (a) If a provider, other than the incumbent local exchange carrier, operates under an arrangement by which the provider is the exclusive provider of basic telecommunications service in a particular geographic area, building, or group of residences and businesses, the incumbent local exchange carrier is relieved of any provider of last resort obligations that the incumbent local exchange carrier would ordinarily have with respect to the particular geographic area, building, or group of residences and buildings.

(b) If:

(1) a provider with an exclusive service arrangement described in subsection (a) decides to cease operations in all or part of the particular geographic area, building, or group of residences and buildings that the provider serves under the arrangement; and

(2) the incumbent local exchange carrier:

(A) has insufficient facilities to serve the affected customers of the exiting provider; and

(B) elects to purchase the facilities of the exiting provider; the incumbent local exchange carrier has twelve (12) months to make any modifications necessary to the purchased facilities to allow the incumbent local exchange carrier to serve the affected customers of the exiting provider. The incumbent local exchange carrier may apply to the commission for an extension of the period allowed under this subsection, and the commission shall grant the

C
o
p

extension upon good cause shown by the incumbent local exchange carrier.

(c) If:

(1) a provider with an exclusive service arrangement described in subsection (a) decides to cease operations in all or part of the particular geographic area, building, or group of residences and buildings that the provider serves under the arrangement; and

(2) the incumbent local exchange carrier:

(A) has insufficient facilities to serve the affected customers of the exiting provider; and

(B) elects not to purchase the facilities of the exiting provider;

the incumbent local exchange carrier has twelve (12) months to deploy an approved alternative technology necessary to allow the incumbent local exchange carrier to serve the affected customers of the exiting provider. The incumbent local exchange carrier may apply to the commission for an extension of the period allowed under this subsection, and the commission shall grant the extension upon good cause shown by the incumbent local exchange carrier.

provider" means a person or an entity that offers communications service to customers in Indiana, without regard to the technology or medium used by the person or entity to provide the communications service. The term includes a provider of commercial mobile service (as defined in 47 U.S.C. 332).

Sec. 5. As used in this chapter, "facilities based local exchange carrier" means a local exchange carrier (as defined in 47 U.S.C. 153(26)) that provides telephone exchange service (as defined in 47 U.S.C. 153(47)) or exchange access (as defined in 47 U.S.C. 153(16)):

Sec. 6. (a) Except as provided in subsection (c), before a communications service provider may offer communications service to customers in Indiana, the communications service provider must apply to the commission for a certificate of territorial authority. A communications service provider that seeks a certificate under this chapter shall submit an application on a form prescribed by the commission. The form prescribed by the commission must require the communications service provider to report the following information:

(1) The provider's legal name and any name under which the provider does or will do business in Indiana, as authorized by the secretary of state.

(2) The provider's address and telephone number, along with contact information for the person responsible for ongoing communications with the commission.

(8) A list of other states in which the provider offers communications service, including the type of communications service offered.

(9) Any other information the commission considers necessary to:

The commission may charge a fee for filing an application under this section. Any fee charged by the commission under this subsection may not exceed the commission's actual costs to process and review the application under section 8 of this chapter.

(b) A communications service provider shall also submit, along with the application required by subsection (a), the following documents:

16 by the commission before July 1, 2009; and

17 (2) the certificate described in subdivision (1) is in effect on
18 July 1, 2009;

19 the communications service provider is not required to submit an
20 application under this section for as long as the certificate
21 described in subdivision (1) remains in effect. For purposes of this
22 subsection, if a corporation organized under IC 8-1-13 (or a

24 cooperative and that has at least one (1) member that is a
25 corporation organized under IC 8-1-13) holds a certificate of

28 certificate required under this chapter with respect to any
29 communications service offered by the corporation, subject to the
30 commission's right to require the corporation to provide any
31 information that an applicant is otherwise required to submit
32 under subsection (a) or that a holder is required to report under

34 (d) This section does not empower the commission to require an
35 applicant for a certificate under this chapter to disclose
36 confidential and proprietary business plans and other confidential
37 information without adequate protection of the information. The
38 commission shall exercise all necessary caution to avoid disclosure
39 of confidential information supplied under this subsection.

40 Sec. 7. A communications service provider shall submit

C

p

1 prescribe the number of copies to be submitted by a
2 communications service provider under this section.

3 Sec. 8. Not later than thirty (30) days after receiving the
4 application and documents required by section 6 of this chapter,
5 the commission shall review the application and documents for
6 accuracy and completeness. If the commission determines that the
7 application and documents are accurate, complete, and properly
8 verified, the commission shall issue a certificate of territorial
9 authority recognizing the communications service provider's
10 authority to provide each communications service identified in the
11 application. If the commission determines that the application and
12 documents are inaccurate or incomplete, or are not properly
13 verified, the commission shall return the application and
14 documents to the provider with a brief statement of any additional
15 information required. Not later than thirty (30) days after receipt
16 of the request for additional information, the provider may:

- 17 (1) provide the information requested;
- 18 (2) appeal the decision of the commission under IC 8-1-3; or
- 19 (3) decide to file another application at a later date, without
20 prejudice.

21 Sec. 9. (a) A hearing is not required in connection with the
22 issuance of a certificate under this chapter. However, the

- 31 (3) The office of utility consumer counselor created by
32 IC 8-1-1.1-2.
- 33 (4) The commission, on its own motion.

34 (b) A hearing conducted under this section shall be limited to
35 consideration of one (1) or more of the following issues:

- 36 (1) Whether the application and documents submitted under
37 section 6 of this chapter are accurate, complete, and properly
38 verified.
- 39 (2) The communications service provider's financial,
40 managerial, and technical ability to provide the
41 communications service for which it seeks a certificate under
42 this chapter.

**C
o
p
y**

(c) The commission may not require a:

(1) communications service provider; or

(2) facilities based local exchange carrier offering service in a service area identified in the provider's application under section 6(a)(4) of this chapter;

to be represented by counsel at a hearing under this section.

Sec. 10. Subject to any notice requirements adopted by the commission under section 12 of this chapter, a certificate issued under this chapter may be:

(1) sold, assigned, leased, or transferred by the holder to any communications service provider to which a certificate of territorial authority may be lawfully issued under this chapter; or

(2) included in the property and rights encumbered under any indenture of mortgage or deed of trust of the holder.

Sec. 11. (a) The commission may not require a communications service provider to file a tariff in connection with, or as a condition of receiving, a certificate of territorial authority under this chapter.

(b) The commission may require, in connection with the issuance of a certificate under this chapter, the communications service provider to provide advance notice to the provider's Indiana customers if the provider will do any of the following:

(1) Change the rates and charges for any communications service that the provider offers in any of the provider's service areas in Indiana.

(2) Offer new communications service in any of the provider's service areas in Indiana.

(3) Cease to offer any communications service that the provider offers in any of the provider's service areas in Indiana.

The commission shall prescribe any customer notification requirements under this subsection in a rule of general application adopted under IC 4-22-2.

Sec. 12. In connection with, or as a condition of receiving, a certificate of territorial authority under this chapter, the commission may require a communications service provider to notify the commission, after the issuance of a certificate, of any of the following changes involving the provider or the certificate issued:

(1) Any transaction involving a change in the ownership, operation, control, or corporate organization of the provider,

C
o
p

including a merger, acquisition, or reorganization.

(2) A change in the provider's legal name or the adoption of, or change to, an assumed business name. The provider shall submit to the commission a certified copy of the:

(A) amended certificate of authority; or

(B) certificate of assumed business name;

issued by the secretary of state to reflect the change.

(3) A change in the provider's principal business address or in the name of the person authorized to receive notice on behalf of the provider.

(4) Any sale, assignment, lease, or transfer of the certificate to another communications service provider, as allowed by section 10 of this chapter. The provider shall identify the other communications service provider to which the sale, assignment, lease, or transfer is made.

(5) The relinquishment of any certificate issued under this chapter. The provider shall identify:

(A) any other certificate of territorial authority issued under this chapter that will be retained by the provider;

(B) the number of Indiana customers in the service area covered by the certificate being relinquished; and

(C) the method by which the provider's customers were or will be notified of the relinquishment, if required in a rule adopted by the commission under section 11(c) of this chapter.

(6) A change in the communications service provided in one (1) or more of service areas identified in the provider's application under section 6(a)(4) of this chapter. However, if new services will be provided in one (1) or more of the service areas, the commission may require the provider to submit a new application under section 6 of this chapter with respect to those services.

(7) A change in one (1) or more of the service areas identified in the provider's application under section 6(a)(4) of this chapter that would increase or decrease the territory within the service area.

The commission shall prescribe the time in which a provider must report changes under this section. The commission may prescribe a form for the reporting of changes under this section.

Sec. 13. The commission shall maintain a record of all certificates of territorial authority issued under this chapter. The record must include all application forms, notices of change under

C
O
P
Y

section 12 of this chapter, and other documents filed with the commission under this chapter. The record must be made available:

(1) for public inspection and copying in the office of the commission during regular business hours under IC 5-14-3; and

Sec. 15. The commission may adopt rules under IC 4-22-2 to implement this chapter.

33 **A contract, an agreement, or any other arrangement that violates**
 34 **this section is void if the contract, agreement, or arrangement is**
 35 **entered into after March 27, 2006. However, a contract, an**
 36 **agreement, or any other arrangement that otherwise violates this**
 37 **section remains in effect until such time as it would normally**
 38 **terminate or expire if the contract, agreement, or arrangement is**
 39 **entered into before March 28, 2006.**

40 **(b) This section does not prohibit a communications service**
 41 **provider and a subscriber from entering into any lawful contract,**

5 (A) another communications service provider;

6 (B) a subscriber or potential subscriber of communications
7 service;

8 (C) the utility consumer counselor; or

9 (D) any class satisfying the standing requirements of
10 IC 8-1-2-54; or

11 (2) the commission's own motion;

12 the commission may investigate whether a communications service
13 provider has violated this section. If, after notice and an
14 opportunity for hearing, the commission determines that the
15 communications service provider has violated this section, the
16 commission may issue an order imposing a civil penalty of not
17 more than five hundred dollars (\$500) for each violation. For
18 purposes of this subsection, each day that a contract, an agreement,
19 or an arrangement prohibited by this section remains in effect
20 constitutes a separate violation.

21 (d) The attorney general may bring an action in the name of the
22 state to enforce an order of the commission under subsection (c),
23 including the collection of an unpaid civil penalty imposed by the
24 commission.

25 (e) Civil penalties collected under this section shall be deposited
26 in the state general fund.

27 (f) A determination by the commission under this section is
28 subject to appeal under IC 8-1-3.

29 Sec. 8. (a) Notwithstanding IC 8-1-32.4-14, the commission may
30 not require a communications service provider, including a
31 provider of last resort, to provide any communications service to
32 the occupants of multitenant real estate if the owner, operator, or
33 developer of the multitenant real estate does any of the following
34 to the benefit of another communications service provider:

36 install the provider's facilities or equipment during the
37 construction or development phase of the multitenant real
38 estate.

39 (2) Accepts or agrees to accept incentives or rewards that:

40 (A) are offered by a communications service provider to

(4) Enters into an agreement with a communications service provider that is prohibited by section 7 of this chapter.

(b) This subsection applies to a communications service provider that is relieved under subsection (a) of an obligation to provide communications service to the occupants of multitenant real estate. This section does not prohibit the communications service provider from voluntarily offering service to the occupants of the multitenant real estate. However, the commission shall not exercise jurisdiction over the terms, conditions, rates, or availability of any communications service voluntarily offered by a communications service provider under this subsection.

11 to use or occupy public rights-of-way on terms or conditions
12 more favorable or less burdensome than those that apply to
13 other providers.

14 A law, rule, ordinance, or regulation that violates this subsection
15 is void.

16 Sec. 18. Subject to the notice requirements under section 20 of

20 Sec. 19. A certificate issued under this chapter may be
21 terminated by the holder by submitting notice to the commission

The commission shall prescribe the time in which a holder must report changes under this section. The commission may prescribe a form for the reporting of changes under this section.

(b) In connection with, or as a condition of receiving, a certificate under this chapter, the commission shall require a holder to notify a unit:

(1) in which the holder does not already provide video service under:

(A) a local franchise issued by the unit before July 1, 2006; or

(B) another certificate issued under this chapter after June 30, 2006; and

(2) that is included in the holder's service area under the certificate being issued;

that the holder intends to provide video service in the unit's jurisdiction. The holder shall give the notice required under this subdivision not later than ten (10) days before the holder begins providing video service in the unit's jurisdiction.

(c) In connection with the issuance of a certificate under this chapter, the commission may require a holder to provide advance notice to the holder's Indiana customers if the holder will do any

**C

of the following:

(1) Change the rates and charges for video service that the holder offers in any of its service areas in Indiana.

(2) Cease to offer video service, or any specific video programming or other programming service, that the holder offers in any of the holder's service areas in Indiana.

The commission shall prescribe any customer notification requirements under this subsection in a rule of general application adopted under IC 4-22-2.

Sec. 21. (a) For purposes of this section, a provider is considered to be a holder of a local franchise on June 30, 2006, if:

(1) the provider; or

(2) any affiliate or successor entity of the provider;

holds a local franchise to provide video service in a unit on June 30, 2006.

(b) After June 30, 2006, a provider that is the holder of a local franchise on June 30, 2006, regardless of whether the provider is the incumbent provider in the local franchise service area, may elect to:

(1) continue providing video service under the local franchise until the local franchise expires; or

(2) subject to section 22 of this chapter, terminate the local franchise and apply to the commission for a certificate under this chapter.

(c) A provider that elects to terminate a local franchise under subsection (b) must provide written notice of the provider's election to:

(1) the commission; and

(2) the affected unit;

not later than November 1, 2006. The local franchise is terminated on the date the commission issues a certificate to the provider under this chapter.

(d) Not later than ninety (90) days after a local franchise is terminated under subsection (c), the provider that terminated the local franchise shall remit to the affected unit any accrued but unpaid franchise fees due under the local franchise. If the provider has credit remaining from any prepaid franchise fees, the provider may deduct the amount of the credit from any future fees or taxes owed to the affected unit.

Sec. 22. (a) A provider that elects to terminate a local franchise under section 21 of this chapter remains subject to the contractual rights, duties, and obligations:

C
o
p
y

(1) incurred by the provider under the terms and conditions of the terminated local franchise; and

(2) owed to any private person, including a subscriber.

(b) The obligations that a provider owes to a private person under subsection (a) include any obligations based on the gross income received by the provider:

(1) after the provider becomes a holder of a certificate under this chapter; and

(2) for video service provided in the service area covered by the terminated local franchise;

if, under the terms of the terminated local franchise, the obligations would have been based on the gross income received by the provider for video service provided in the service area covered by the terminated local franchise.

(c) All liens, security interests, royalties, and other contracts, rights, and interests arising out of the terminated local franchise and owed to a private person, shall:

(1) continue in full force and effect without the need for renewal, extension, or continuance;

(2) be paid or performed by the provider after becoming a holder of a certificate under this chapter; and

(3) apply as though the gross revenue of the provider continued to be generated under the terminated local franchise with respect to any revenue generated in the service area covered by the terminated local franchise.

(d) The commission shall condition the issuance or renewal of a certificate under this chapter on a provider's payment and performance of the rights, duties, and obligations described in this section until such time as the terminated local franchise would ordinarily terminate or expire if the provider had not made the election under section 21 of this chapter. In applying for an initial certificate or a renewal certificate under this chapter, a provider shall agree to pay or perform the obligations described in this section, as required by section 16(b)(1)(D) of this chapter.

(e) A private person that claims to be:

(1) owed any rights, duties, or obligations by a holder under this section; and

(2) aggrieved by a holder's alleged violation of this section; may bring an action in a court with jurisdiction to enforce the rights, duties, or obligations claimed to be owed to the person.

Sec. 23. (a) Except as provided in subsection (b), the holder of a certificate under this chapter shall, at the end of each calendar

C
o

quarter, determine under subsections (c) and (d) the gross revenue received during that quarter from the holder's provision of video service in each unit included in the holder's service area under the certificate.

(b) This subsection applies to a holder or other provider providing video service in a unit in which a provider of video service is required on June 30, 2006, to pay a franchise fee based on a percentage of gross revenues. The holder's or provider's gross revenue shall be determined as follows:

(1) If only one (1) local franchise is in existence on June 30, 2006, the holder or provider shall determine gross revenue as the term is defined in the local franchise in existence on June 30, 2006.

(2) If:

(A) more than one (1) local franchise is in existence on June 30, 2006; and

(B) the provider is subject to a local franchise in the unit on June 30, 2006;

the provider shall determine gross revenue as the term is defined in that provider's local franchise.

(3) If:

(A) more than one (1) local franchise was in existence on June 30, 2006; and

(B) the holder was not providing cable television service in the unit on June 30, 2006;

the holder shall determine gross revenue as the term is defined in the local franchise that is most favorable to the unit.

(c) This subsection does not apply to a holder that is required to determine the holder's gross revenue under subsection (b). The holder shall include the following in determining the gross revenue received during the quarter with respect to a particular unit:

(1) Fees and charges charged to subscribers for video service provided by the holder. Fees and charges under this subdivision include the following:

(A) Recurring monthly charges for video service.

(B) Event based charges for video service, including pay per view and video on demand charges.

1 maintenance charges.

2 (E) Administrative charges related to the provision of
3 video service, including service order and service
4 termination charges.

5 (2) Revenue received by an affiliate of the holder from the
6 affiliate's provision of video service, to the extent that treating
7 the revenue as revenue of the affiliate, instead of revenue of
8 the holder, would have the effect of evading the payment of
9 fees that would otherwise be paid to the unit. However,
10 revenue of an affiliate may not be considered revenue of the
11 holder if the revenue is otherwise subject to fees to be paid to
12 the unit.

13 (d) This subsection does not apply to a holder that is required to
14 determine the holder's gross revenue under subsection (b). The
15 holder shall not include the following in determining the gross
16 revenue received during the quarter with respect to a particular
17 unit:

18 (1) Revenue not actually received, regardless of whether it is
19 billed. Revenue described in this subdivision includes bad
20 debt.

21 (2) Revenue received by an affiliate or any other person in
22 exchange for supplying goods and services used by the holder
23 to provide video service under the holder's certificate.

24 (3) Refunds, rebates, or discounts made to subscribers,
25 advertisers, the unit, or other providers leasing access to the
26 holder's facilities.

27 (4) Revenue from providing service other than video service,
28 including revenue from providing:

29 (A) telecommunications service (as defined in 47 U.S.C.
30 153(46));

31 (B) information service (as defined in 47 U.S.C. 153(20)),
32 other than video service; or

33 (C) any other service not classified as cable service or video
34 programming by the Federal Communications
35 Commission.

36 (5) Any fee imposed on the holder under this chapter that is
37 passed through to and paid by subscribers, including the
38 franchise fee:

39 (A) imposed under section 24 of this chapter for the
40 quarter immediately preceding the quarter for which gross
41 revenue is being computed; and

42 (B) passed through to and paid by subscribers during the

C

quarter for which gross revenue is being computed.

(6) Revenue from the sale of video service for resale in which the purchaser collects a franchise fee under:

(A) this chapter; or

(B) a local franchise agreement in effect on July 1, 2006; from the purchaser's customers. This subdivision does not limit the authority of a unit, or the commission on behalf of a unit, to impose a tax, fee, or other assessment upon the purchaser under 42 U.S.C. 542(h).

(7) Any tax of general applicability:

(A) imposed on the holder or on subscribers by a federal, state, or local governmental entity; and

(B) required to be collected by the holder and remitted to the taxing entity;

including the state gross retail and use taxes (IC 6-2.5) and the utility receipts tax (IC 6-2.3).

(8) Any forgone revenue from providing free or reduced cost cable video service to any person, including:

(A) employees of the holder;

(B) the unit; or

(C) public institutions, public schools, or other governmental entities, as required or permitted by this chapter or by federal law.

However, any revenue that the holder chooses to forgo in exchange for goods or services through a trade or barter arrangement shall be included in gross revenue.

(9) Revenue from the sale of:

(A) capital assets; or

(B) surplus equipment that is not used by the purchaser to receive video service from the holder.

(10) Reimbursements that:

(A) are made by programmers to the holder for marketing costs incurred by the holder for the introduction of new programming; and

(B) exceed the actual costs incurred by the holder.

(11) Late payment fees collected from customers.

(12) Charges, other than those described in subsection (b)(1), that are aggregated or bundled with charges described in subsection (b)(1) on a customer's bill, if the holder can reasonably identify the charges on the books and records by the holder in the regular course of business.

(e) If, under the terms of the holder's certificate, the holder

C
o
p
y

provides video service to any unincorporated area in Indiana, the holder shall calculate the holder's gross income received from each unincorporated area served in accordance with:

(1) subsection (b); or

(2) subsections (c) and (d);

whichever is applicable.

(f) If a unit served by the holder under a certificate annexes any territory after the certificate is issued or renewed under this chapter, the holder shall:

(1) include in the calculation of gross revenue for the annexing unit any revenue generated by the holder from providing video service to the annexed territory; and

(2) subtract from the calculation of gross revenue for any unit or unincorporated area:

(A) of which the annexed territory was formerly a part; and

(B) served by the holder before the effective date of the annexation;

the amount of gross revenue determined under subdivision (1);

beginning with the calculation of gross revenue for the calendar quarter in which the annexation becomes effective. The holder shall notify the commission of the new boundaries of the affected service areas as required under section 20(a)(7) of this chapter.

Sec. 24. (a) Subject to subsection (e), not later than forty-five (45) days after the end of each calendar quarter, the holder shall pay to each unit included in the holder's service area under a certificate issued under this chapter a franchise fee equal to:

(1) the amount of gross revenue received from providing video service in the unit during the most recent calendar quarter, as determined under section 23 of this chapter; multiplied by

(2) a percentage equal to one (1) of the following:

(A) If there is no local franchise in effect with respect to the unit on January 1, 2006, five percent (5%).

(B) If there is one (1) local franchise in effect with respect to the unit on January 1, 2006, the percentage of gross revenue paid by the holder of that local franchise as a franchise fee to the unit, unless the unit elects to impose a different percentage, which may not exceed five percent (5%). Upon the expiration of a local franchise described in this clause, the percentage shall be determined by the unit

C
o

y

but may not exceed five percent (5%).

(C) If there is more than one (1) local franchise in effect with respect to the unit on January 1, 2006, a percentage determined by the unit, which may not exceed the greater of:

(i) five percent (5%); or

(ii) the percentage paid by a holder of any local franchise in effect in the unit on January 1, 2006.

(b) If the holder provides video service to an unincorporated area in Indiana, as described in section 23(e) of this chapter, the holder shall:

(1) calculate the franchise fee with respect to the unincorporated area in accordance with subsection (a); and

(2) remit the franchise fee to the county in which the unincorporated area is located.

If an unincorporated area served by the provider is located in one (1) or more contiguous counties, the provider shall remit part of the franchise fee calculated under subdivision (1) to each county having territory in the unincorporated area served. The part of the franchise fee remitted to a county must bear the same proportion to the total franchise fee for the area, as calculated under subdivision (1), that the number of subscribers in the county bears to the total number of subscribers in the unincorporated area served.

(c) With each payment of a franchise fee to a unit under this section, the holder shall include a statement explaining the basis for the calculation of the franchise fee. A unit may review the books and records of:

(1) the holder; or

(2) an affiliate of the holder, if appropriate;

to the extent necessary to ensure the holder's compliance with section 23 of this chapter in calculating the gross revenue upon which the remitted franchise fee is based. Each party shall bear the party's own costs of an examination under this subsection. If the holder and the unit cannot agree on the amount of gross revenue on which the franchise fee should be based, either party may petition the commission to determine the amount of gross revenue on which the franchise fee should be based. A determination of the commission under this subsection is final, subject to the right of direct appeal by either party.

(d) A franchise fee owed by a holder to a unit under this section may be passed through to, and collected from, the holder's

1 subscribers in the unit. To the extent allowed under 43 U.S.C.
 2 542(c), the holder may identify as a separate line item on each
 3 regular bill issued to a subscriber:

4 (1) the amount of the total bill assessed as a franchise fee
 5 under this section; and

6 (2) the identity of the unit to which the franchise fee is paid.

7 (e) A holder that elects under section 21(b)(1) of this chapter to
 8 continue providing video service under a local franchise is not
 9 required to pay the franchise fee prescribed under this section, but
 10 shall pay any franchise fee imposed under the terms of the local
 11 franchise.

12 **Sec. 25. (a) This section applies in a unit that:**

13 (1) is included in the service area of a holder of a certificate
 14 issued under this chapter; and

15 (2) requires a provider described in section 21(a) of this
 16 chapter to provide PEG channel capacity, facilities, or
 17 financial support under a local franchise issued to the
 18 provider by the unit before July 1, 2006, regardless of
 19 whether the provider elects to:

20 (A) continue the local franchise under section 21(b)(1) of
 21 this chapter; or

22 (B) terminate the local franchise under section 21(b)(2) of
 23 this chapter and continue providing video service in the
 24 unit under a certificate issued under this chapter.

25 (b) As used in this section, "PEG channel" refers to a channel
 26 made available by a provider on the provider's video service
 27 system for public, educational, and governmental programming.

28 (c) The holder of a certificate under this chapter shall provide
 29 in the unit at least the number of PEG channels that the provider
 30 described in section 21(a) of this chapter is required to provide in
 31 the unit under the terms of the local franchise described in
 32 subsection (a)(2).

33 (d) If the local franchise described in subsection (a)(2) requires
 34 the provider described in section 21(a) of this chapter to provide
 35 financial support for public, educational, or governmental
 36 programming in the unit, the holder of a certificate under this
 37 chapter shall pay the unit the same cash payments on a per
 38 subscriber basis that the provider described in section 21(a) of this
 39 chapter is required to pay the unit under the terms of the local
 40 franchise. The holder shall remit payments under this subsection
 41 to the unit on a quarterly basis, along with the franchise fee paid
 42 to the unit under section 24 of this chapter. For each calendar

C

quarter, the holder shall remit to the unit an amount equal to:

- (1) the cash payment for the quarter due from the provider described in section 21(a) of this chapter; multiplied by
- (2) a fraction, the numerator of which equals the number of subscribers served by the holder in the unit, and the denominator of which equals the total number of subscribers served by all providers in the unit.

(e) Any payments remitted to a unit under subsection (d):

(1) are made:

(A) for the purposes set forth in 47 U.S.C. 531; and

(B) under the unit's authority under 47 U.S.C. 541(a)(4)(B); and

(2) may not be credited against the franchise fee payable to the unit under section 24 of this chapter.

Sec. 26. (a) This section applies in a unit or an unincorporated area of Indiana that:

(1) is included in the service area of a holder of a certificate issued under this chapter; and

(2) does not require a provider described in section 21(a) of this chapter to provide PEG channel capacity, facilities, or financial support under a local franchise issued before July 1, 2006.

(b) As used in this section, "PEG channel" has the meaning set forth in section 25(b) of this chapter.

(c) As a condition of issuing or renewing a certificate to a holder under this chapter, and upon:

- (1) the petition of a unit or an unincorporated area included in the holder's service area under the certificate; or
- (2) the commission's own motion;

the commission may require the holder to provide PEG channel capacity, facilities, or financial support to one (1) or more units or unincorporated areas in the holder's service area under the certificate.

(d) As allowed by 47 U.S.C. 531, the commission may do the following in exercising its authority under this section:

(1) Adopt rules and procedures for the designation or use of PEG channel capacity in each unit or unincorporated area in which the requirements apply.

(2) Enforce any requirement concerning the provision or use of PEG channel capacity. The commission's enforcement authority under this subdivision includes the authority to enforce any provision that:

C
o
p
y

- 1 (A) is proposed by the holder and incorporated in the
 2 holder's certificate; and
 3 (B) concerns services, facilities, or equipment related to
 4 PEG channel capacity;
 5 regardless of whether the provision is required in rules or
 6 procedures adopted by the commission under subdivision (1).
 7 (3) If PEG channel capacity is designated under the
 8 certificate, prescribe rules and procedures:
 9 (A) under which the holder is permitted to use the
 10 designated channel capacity to provide other services, if
 11 the channel capacity is not being used in the unit or
 12 unincorporated area for the designated purposes; and
 13 (B) that set forth the conditions under which the holder
 14 must cease any use permitted under clause (A).
 15 Sec. 27. (a) The operation of a PEG channel provided under
 16 section 25 or 26 of this chapter is the responsibility of the unit or
 17 unincorporated area that receives the benefit of the channel, and
 18 the holder or other provider is responsible only for the
 19 transmission of the channel.
 20 (b) A unit or an unincorporated area that receives the benefit of
 21 a PEG channel provided under section 25 or 26 of this chapter
 22 shall ensure that all transmissions, content, and programming that
 23 are transmitted over a channel or other facility of the provider are
 24 submitted to the provider in a manner or form that:
 25 (1) is capable of being accepted and transmitted by the
 26 provider over the provider's video service system;
 27 (2) does not require additional alteration or change in the
 28 content by the provider; and
 29 (3) is compatible with the technology or protocol used by the
 30 provider to deliver video service.
 31 (c) If it is technically feasible to do so, the holder of a certificate
 32 under this section and a provider described in section 21(a) of this
 33 chapter may cooperate to interconnect their systems to provide
 34 PEG channel capacity required under section 25 or 26 of this
 35 chapter. Interconnection under this section may be accomplished
 36 by direct cable, microwave link, satellite, or other reasonable
 37 method of connection. The parties shall negotiate the terms of the
 38 interconnection in good faith, and a provider described in section
 39 21(a) may not withhold interconnection of PEG channel capacity.
 40 (d) A court with jurisdiction has exclusive authority to enforce
 41 any requirement under:
 42 (1) this section; or

(2) section 25 or 26 of this chapter.

Sec. 28. (a) This section applies to the following:

(1) A provider that holds a certificate issued by the commission under this chapter.

(2) A provider that provides video service under a local franchise, as permitted under section 21(b)(1) of this chapter.

(b) Subject to section 17(b) of this chapter, a provider may not deny access to video service to any group of potential residential subscribers based on the income level of the residents in the local area in which the group resides. However, a provider:

(1) shall have a reasonable time to become capable of providing video service to all households within a service area included in the provider's franchise; and

(2) may satisfy the requirements of this subsection through the use of an alternative technology that:

(A) offers content, service, and functionality comparable to that provided through the provider's video service system, as determined by the commission; and

(B) may include a technology that does not require the use of any public right-of-way.

(c) For purposes of this subsection, an "affected person" includes the following:

(1) A potential subscriber of video service from a provider.

(2) A local unit in which a person described in subdivision (1) resides, acting on behalf of the person or other similarly situated persons.

An affected person that alleges a violation of subsection (b) by a provider may petition the commission for equitable relief. Not later than forty-five (45) days after receiving a petition under this subsection, the commission shall, after notice and an opportunity for hearing, make a determination as to whether a violation of subsection (b) has occurred.

(d) If, after holding any hearing requested in the matter, the commission determines that no violation of subsection (b) has occurred, the commission's decision is final, subject to the petitioner's right to appeal the decision in a court having jurisdiction. If the commission determines that a violation of subsection (b) has occurred, the commission may issue an order requiring the provider to offer video service to those persons to whom access to the provider's video service has been denied. An order of the commission under this subsection must specify the following:

**C
O
P
Y**

(1) A date by which the provider must offer video service to those persons to whom access has been denied as a result of the provider's violation. In specifying a date under this subdivision, the commission shall allow the provider a reasonable time to become capable of providing the required video service to the affected households.

(2) Any alternative technology described in subsection (b)(2) that the commission approves for use by the provider in making video service available to the affected households.

Except as provided in subsection (e), an order of the commission under this subsection is final.

(e) A provider may appeal:

(1) a determination by the commission under subsection (d) that a violation of subsection (b) has occurred; or

(2) any findings or requirements of the order issued in connection with the commission's finding of a violation;

in a court having jurisdiction.

Sec. 29. (a) This section applies to a provider that elects to terminate a local franchise under section 21(b)(2) of this chapter.

(b) A holder to which this section applies shall continue to provide the following services under the terms of the terminated local franchise until January 1, 2009, or until the terminated local franchise would have expired, whichever is later:

(1) Institutional network capacity, however defined or referenced in the terminated local franchise, but generally including private line data network capacity for use by the unit for noncommercial purposes. Institutional network capacity provided under this subdivision shall continue to be provided at the same capacity as was provided to the unit before the date of termination of the local franchise.

(2) Video service to community public buildings, such as municipal buildings and public schools, however defined or referenced in the terminated local franchise, but generally including cable drop connections to the buildings and a particular tier of video service provided to the buildings. Video service provided under this subdivision shall continue to be provided to the same extent as was provided to the unit before the date of termination of the local franchise. Beginning January 1, 2009, or upon the date on which the terminated local franchise would have expired, whichever is later, a provider that provides video service under this subdivision shall continue to provide the video services under

C
o

1 this subdivision if the unit requests that the services continue
2 after December 31, 2008, or after the date the terminated
3 local franchise would have expired, whichever is later.

4 (c) This subsection applies to services described in subsection (b)
5 that are provided after December 31, 2008, or after the date the
6 terminated local franchise would have expired, whichever is later.
7 The incremental costs of the services shall be apportioned among
8 all holders of a franchise to provide video service within the unit.
9 The amount of the incremental costs borne by a particular holder
10 is equal to the total cost of providing the services multiplied by a
11 fraction calculated as follows:

12 (1) The numerator of the fraction equals the number of
13 subscribers to whom the holder provides video service in the
14 unit.

15 (2) The denominator of the fraction equals the total number
16 of subscribers to whom all holders provide video service in the
17 unit.

Providers**

Sec. 1. This chapter applies to a provider and a certificate holder.

Sec. 2. Except as otherwise provided, the definitions in IC 8-1-2.6 apply throughout this chapter.

Sec. 3. As used in this chapter, "certificate holder" refers to a person holding a certificate of franchise authority issued under IC 8-1-34-17.

Sec. 4. As used in this chapter, "commission" refers to the Indiana utility regulatory commission created by IC 8-1-1-2.

- (1) one (1) or more customers of a provider or a certificate holder;**
- (2) another provider;**
- (3) the utility consumer counselor; or**
- (4) any class satisfying the standing requirements of IC 8-1-2-54;**

files a complaint with the commission alleging that a service over which the commission has jurisdiction that is provided by a provider or a certificate holder is unreasonable, unsafe, insufficient, or unjustly discriminatory, or that any service is inadequate or can not be obtained, the commission may investigate the complaint as the commission considers appropriate. The commission shall conduct an investigation under this section on an

expedited basis, and a complaint filed by another provider under this section that alleges a violation of an interconnection agreement or order is subject to the commission's expedited procedures under 170 IAC 7-7.

(b) If, after notice and an opportunity for hearing, the commission determines from an investigation conducted under subsection (a) that a provider or a certificate holder has violated a provision of this chapter or a lawful order of the commission, the commission may do any of the following:

(A) A willful disregard, as evidenced by a continuing pattern of conduct, by the provider or the certificate holder of its obligation to remedy the violation after the provider or the certificate holder becomes aware of the violation.

(B) Repeated errors in bills issued to one (1) or more customer classes, if the errors:

(i) represent intentional misconduct or an act of fraud by the provider or the certificate holder or by any officer, accountant, or agent of the provider or certificate holder; or

one (1) civil penalty. The commission may not consider each day that a particular violation continues to be a separate violation.

(c) A matter resolved through voluntary mediation is not considered a violation for purposes of this section.

(d) A provider or a certificate holder may not be subject to both:

- (1) a civil penalty or an order of the commission under this section; and
- (2) a penalty or remedy agreed to in a commission approved settlement agreement;

for the same violation. If the commission has approved a settlement agreement under IC 8-1-2.6 that includes penalties or remedies for noncompliance with specific provisions of the settlement agreement, the penalties or remedies provided in this section do not apply to those instances of noncompliance during the life of the settlement agreement.

Sec. 7. (a) In imposing a civil penalty under section 6(b)(4) of this chapter, the commission may consider the following factors:

(5) The market share of the violating provider or certificate holder in the affected service areas.

(6) Good faith of the violating provider or certificate holder in attempting to remedy the violation or to achieve compliance after receiving notification of the violation.

(b) If the commission waives a civil penalty for a violation involving any act or omission described in section 6(b)(4) of this chapter, the commission must make a written finding as to why it is waiving the civil penalty. The commission may waive a civil penalty under section 6(b)(4) of this chapter if the commission finds that the violation is the result of any of the following:
